[Book] State of Darkness: US Complicity in Genocides Since 1945 by David Model

[2010 Feb] Bill Gates: We can lower the world's population with vaccines “if we do a really great job on vaccines, health care, reproductive health services, we could lower that [his initial 2050 global population projection of 9-billion] by perhaps about 10 to 15 percent.”....We proposed several years back a birth control vaccine which induces the formation of antibodies against the human pregnancy hormone, the human chorionic gonadotropin (hCG).

"My book instead proved that HIV – wherever it came from – was a harmless retrovirus that was being used as a cover story to explain/conceal an emerging depopulation operation in the Third World. HIV was also a cover for other agendas outside the Third World. As long as AIDS is the target of WHO/UN "humanitarian" efforts, the actual causes – which are easily reversible – of death in Africa, Asia, and Latin America are allowed to remain and fester and expand."

"Vaccines are used to test biological weapons......I found that vaccines are used to spread diseases. They are used for targeted genocides."
Guyilane Lancot, M.D.
The recommended AZT dose for African infants and small children is the same per kg of body weight as the original high-dose AZT that is widely acknowledged to have killed an entire generation of grown men, and which has not been administered for almost a decade.

Gates' gimmick of becoming a philanthropist repeats the Rockefeller scam almost one to one a century later.

But that is not enough. Gates serves as the financier of a whole shipload of ARV missionaries, including ex-U.S. President Clinton who promotes the deadly business with ARV drugs in Africa and other developing nations.

One may ask: don't they know the facts that toxic ARVs damage the immune system and actually accelerate immune deficiencies? Of course they do! So what is the motive for their action? It is strikingly simple:

If the governments of the developing worlds realize that the ARV genocide is the dirtiest way yet to replace the old colonial dependencies between the rich and poor nations of this planet, they will terminate this business. They will, like South Africa, choose a health care system independent of the sickening and economically devastating dependency from the pharmaceutical colonialism.

The equation is simple: the end of the AIDS business with disease will destroy the entire credibility of the pharmaceutical industry and will terminate the drug investment business worldwide. The collapse of this multi-billion dollar investment business, in turn, will lead to a major crisis of the whole investment industry. In other words, the "Mother Theresa" PR-stunt of Bill Gates is a desperate, self-serving activity trying to stop this meltdown. If Gates is not successful, and the AIDS genocide by the drug cartel is ended, then the whole paper-wealth of Billy Gates is worthless.

Got it?

Considering the genocidal consequences of the activities of these organizations, especially in promotion of the ARVs, this entire program "Alliance for a Green Revolution" is nothing else than a fig leaf and another PR-stunt. The "marriage" between Gates and Rockefeller, 10 days after we exposed their business interests in Africa, is a confirmation for the accuracy of our exposure.—Dark cloud over good works of Gates Foundation

Take control of the world by the use of economic "silent weapons" in a form of "quiet warfare" and reduce the economic inductance of the world to a safe level by a process of benevolent slavery and genocide. Silent Weapons for Quiet Wars
"In 1999 I ....proposed the hypothesis that .... scientists might have unwittingly started the pandemic through an experimental oral polio vaccine (OPV) ....in central Africa in the 1950s.......it sparked a major cover-up among those who had been involved with making the vaccine, and among powerful interest groups within the medical community. The attempted whitewash persuaded me to continue my researches. I have now been exclusively researching AIDS for 20 years, and its origins for 16. And whereas I was 95% persuaded of the merits of the vaccine theory when The River was published in 1999, I am now (in 2006) 99.9% persuaded that this is how AIDS began."
